SALESMAN VANISHED

Also \$15,000 Belonging to Inter-
national Harvester Company.

Preliminary Examination of Edward
L. Cobb's Books, Whose Headquar-
ters Were in Auburn, Showed a
Big Shortage — Was a Wellknown
Salesman, Whose Territory Included
Cayuga and Tompkins Counties.
Was Last Seen in Ithaca.

Edward L. Cobb of King Ferry, a
block salesman in the employ of the
International Harvester company of
America, with headquarters in Auburn,
N. Y., is missing and a preliminary
examination that has been made of his
books shows that there is a shortage.
The exact amount of this is not
known, but it is believed that it will
reach close to \$15,000.

H. H. Hannan, general agent, under
whom the missing man worked, di-
rectly admitted that Cobb was miss-
ing, that he had been gone for several
days and that he was being sought.

Mr. Cobb's territory includes Cay-
uga and Tompkins counties. He is
an exceptionally good salesman and
handled in the past large amounts of
money. During his time in Auburn
he made his headquarters at the Os-
borne hotel. When on the last settle-
ment day he did not make his appear-
ance there was some surprise. When
his absence continued, there was an
investigation started and this has been
continued.

It was said that Cobb was last seen
at the Clinton House in Ithaca a week
ago, but a later report placed him in
Washington. It was also said that
Cobb had forwarded to the firm from
Washington \$1,000.

When it was believed certain that
Cobb had disappeared, an investiga-
tion was made of his books. Book-
keepers were put to work checking up.
An examination of the territory where
Cobb worked will also be made at
once. It seems certain that the dis-
crepancy in the books will reach close
to \$15,000.

TOOMEY FOUND GUILTY

Sentenced to Auburn For Seven Years
For Killing His Father.

After being out for 40 hours, the
jury in the case against John Toomey,
accused of the murder of his aged
father at Seneca Castle last June, re-
turned to court at Canandaigua at
10:20 Thursday morning with a verdict
of guilty of manslaughter in the first
degree.

Half an hour later, after a contest
between the attorney for the defense,
the district attorney and the judge,
Toomey was sentenced to a term in
Auburn prison not to exceed seven
years nor less than four years and six
months.

AUBURN GIRL SUICIDES

Mabel P. Speares Takes Carbolic Acid
While Suffering From Melancholia.

Mabel P. Speares, 23 years old, the
daughter of former Fire Commissioner
Speares of Auburn, N. Y., committed
suicide by drinking carbolic acid at the
home of Spencer Boak in the town of
Spencer.
Death followed in a few minutes
after the girl had taken the poison
in her room, where Mrs. Boak, at-
tracted by the girl's moans, at once
discovered her. Coroner E. C. Smith
of Fleming issued a death certificate
that Miss Speares had committed sui-
cide by taking carbolic acid, with mel-
ancholia as the cause.

For several months past Miss
Speares has appeared indisposed. In
the evening she seemed in good spirits
and retired at 9:30 o'clock. She is sur-
vived by her mother and a sister, Mrs.
W. B. Clark of Aurelius.

Livingston County Poultry Show.
At a meeting of the Livingston Poul-
try association held at the Wadsworth
Library building, Geneseo, N. Y., it
was decided to hold the second annual
poultry show of the association in
Geneseo Jan. 17, 18 and 19. Lewis G.
Stapley was elected secretary of the
association in place of James Colp,
who has removed from Geneseo.
The show will be open not only to
the residents of Livingston county, but
to any one in the state who may wish
to exhibit poultry, and entry blanks
or any information can be obtained of
Mr. Stapley. It is expected that the
coming show will be one of the larg-
est ever held in this section of the
state.

Mrs. Dean Indicted For Murder.
The grand jury at Little Valley, N.
Y., reported an indictment of murder
in the first degree against Dean of
Olean, N. Y., who it is alleged, killed
her sister. Hastings & Larkin were
assigned to defend her and when ar-
raigned she pleaded not guilty.

PORTER CHARLTON

American Will Be Extradit-
ed to Italy For Wife Murder.

CHARLTON TO RETURN

Young American Who Murdered His
Wife in Italy to Be Extradited.

Porter Charlton, the youthful pris-
oner who has confessed that he
murdered his wife, Mary Scott Cas-
tle Charlton, last June, through slink-
ing her body into a trunk and sinking
it into Lake Como, Italy, and who is
now locked up in Hoboken, N. J., will
be extradited to Italy for trial.

In the event of the state depart-
ment having refused the requisition
of the Italian government, Charlton,
although a self-confessed murderer,
would have walked out a free man be-
cause the United States courts have
no jurisdiction to try the case.
It is practically certain, however,
that counsel for Charlton will take
advantage of their legal opportunities
to oppose the extradition.

MRS. WHITE'S FATHER DEAD

Governor's Father-in-Law Dies in Syra-
cuse From Neuralgia of Heart.

Thomas Kline, the father of Mrs.
Horace White, wife of the governor
of New York state, was stricken with
neuralgia of the heart and died sud-
denly in a chair at his residence in
Syracuse Sunday afternoon. He had
been ailing for 10 days. He was born
at Delph on March 4, 1837.

Mrs. White announced that she
would cancel all social engagements in
Albany for the rest of the season.
The funeral was held Tuesday aft-
ernoon.

Watertown Man Suicides.

John Meyers, an old employe of the
New York Air Brake company at Wat-
ertown, N. Y., was found just at the
point of death in his room at the Brit-
ton boarding house, 446 Mill street,
that place, groaning in agony and
with his hands and lips smeared with
what was evidently carbolic acid,
small crystals of which were scattered
over the bed on which he lay, and
more found in the bottom of a glass
in the room. Dr. B. C. Cheeseman
who was hurriedly summoned, found
the old man just breathing his last
when he arrived. Coroner H. L.
Smith, who was notified and made an
investigation, decided an inquest to be
unnecessary, giving as the cause of
death carbolic acid taken with sui-
cidal intent.

Fruit Growers Meet.

The Ontario County Fruit Growers
association held its annual meeting
the attendance overflowing the United
States court room at Canandaigua, N.
Y., and indicated the growing interest
in fruit. Experts from Cornell uni-
versity and the Geneva station gave
addresses. Practical local men also
spoke. These officers were elected:—
President, A. B. Kattkamier, Farming-
ton; vice president, John A. Page
Seneca; secretary, Frank E. Rupert
Seneca; treasurer, C. R. White, Ionia;
executive committee, W. C. Buell, East
Bloomfield; Frank Salisbury, Phelps;

Editor McIntosh Dead.

William McIntosh, editor of the Buf-
falo Evening News, since the foundation
of that paper 30 years ago, died sud-
denly Sunday night at 11:30 o'clock
at his home in Alden. Mr. McIntosh
had been ill since last Wednesday, and
death was due to a stroke of apoplexy
accompanied by internal hemorrhage.
Mr. McIntosh was 59 years old. He
was born in New York city on April
25, 1852, and began newspaper work as
a reporter when he was 19 years old.
Mr. McIntosh is survived by his wife
three children, two sons, Walter T.
and Cromwell, and a daughter, Rosa
mond.

Aged Farmer Frozen to Death.

Alexander Brown, aged 85 years, and
who lived at Peoria N. Y., was found
frozen to death in a field, a short dis-
tance from his home. He had been
attending a prayer meeting the night
before and returning home, took the
wrong road. Discovering his mistake
he had apparently undertaken to cross
a field, and became entangled in a
barbed wire fence. On account of his
advanced age he was easily exhausted
and sank. Mr. Brown resided alone.

LORIMER ACQUITTED

Sub-Committee Reports Charges
Have Not Been Sustained.

The Action of the Subcommittee Is
Generally Accepted at the Capitol as
an Indication That the Illinois Sena-
tor Will Be Finally Vindicated by a
Vote of the Senate—Was Charged
With Bribery and Corruption in
Gaining Seat in the United States
Senate.

Washington, Dec. 13.—Senator Lor-
imer of Illinois, who was charged with
having obtained his election to the
United States senate as the result of
bribery and corruption is to be acquitted
by his colleagues.

This result was practically made
certain yesterday when the subcommit-
tee from the senate committee on
privileges and elections voted unani-
mously that the charges preferred
against Senator Lorimer, involving
members of the Illinois legislature
have not been sustained.

The members of the subcommittee
who give the accused Illinois senator a
clean bill of health are Burrows of
Michigan, chairman of the privileges
and elections committee; Bulkley of
Connecticut, Heyburn of Idaho, Gamble
of South Dakota, Paynter of Ken-
tucky, Frazier of Tennessee and John-
son of Alabama.

The fact that the action of the com-
mittee was unanimous and that the
subcommittee consisted of a majority
of the full committee on privileges and
elections was generally accepted as an
indication that Senator Lorimer would
be finally vindicated by vote of the
senate.

LOOKING INTO GRIEVANCES

Conciliation Board Enters Colliery to
View Working Conditions of Miners

Wilkes-Barre, Pa., Dec. 13.—For the
first time since the conciliation board
has been in existence the members
of the board entered a colliery to se-
cure evidence at first hand from the
miners at their work; to view the con-
ditions under which they labor.

They went into No. 9 colliery of the
Erie company at Pittston, where the
men have been complaining for some
time of what they declare are unfair
conditions of work, and low wages
for different kinds of work. During
the past six months, there has been
a great deal of trouble between the
men employe at the Erie company col-
lieries and the officials and several
hard fought strikes have resulted.

As the conciliation board could not
make much progress toward a per-
manent settlement of the grievances by
hearing the evidence the members
decided to view the work themselves
and took their evidence in that man-
ner during their visit.

TUBERCULOSIS HOSPITAL

Montgomery County Has Decided to
Build Such an Institution.

New York, Dec. 13.—The first dozen
of counties to vote to establish tuber-
culosis hospitals under the provisions
of the Hamilton-Whitney law, passed
last year, was completed yesterday
when Montgomery county decided to
build such an institution.

According to the State Charities Aid
association of this city, which is co-
operating with the state department of
health in conducting the campaign
for the establishment of these county
hospitals, this makes the third county
within a week to decide this ques-
tion favorably. The association pre-
dicts that ten more counties will vote
favorably within the next two weeks.

GIRL BESTS SOLDIERS

Lass of 21 Outwits Navy and Army
Officers in Test.

Cleveland, Dec. 13.—Uncle Sam's
army and navy officers have been put
to shame by a mere girl of 21, who
boasts only 102 pounds of weight.
Miss Annabel Sharp, society reporter
on the Cleveland Leader, walked the
50 miles required of army and navy
officers in two days, instead of three
days given the officers of the two
services, and she did it in only a few
minutes more time than did the two
officers attached to the naval recruit-
ing station here.

KILLS NEGRO, COW AND DOG

Chapter of Accidents When Train
Hits "Bossy."

Mobile, Ala., Dec. 13.—When a Louis-
ville & Nashville passenger train
struck and killed a cow near Kinkland
late last night the result were as un-
usual and unexpected as they were
fatal.

The cow was hurled to one side,
striking a negro watching the train go
by. The negro was knocked into a
puddle of water and killed. In falling
he struck a dog, and the life of the
ganine was crushed out.

Two Skaters Drowned.

Manchester, N. H., Dec. 13.—Thin
ice claimed its first victims of the
skating season in New Hampshire last
night at Lake Massabesic, when Ar-
thur E. Hatch, 25 years old, and Wil-
liam Whidden, 25, were drowned.

SUGAR TRUST WORSTED

Supreme Court Decides It Can Be
Prosecuted For Violating Sherman
Anti-Trust Law.

Washington, Dec. 13.—Through a de-
cision of the United States su-
preme court, which was handed
down yesterday, the prosecution of
John E. Parsons and five other direc-
tors of the sugar trust under the crim-
inal section of the Sherman anti-trust
law is made possible.

The prosecution will be under in-
dictments already returned against the
seven directors, charging them with
violating the Sherman law in the acqui-
sition and suppression of the Pennsylv-
ania Sugar Refining company of Phil-
adelphia, the controlling interest in
which was held by Adolph Segel.

The decision of the supreme court
yesterday was a reversal of that of
Judge Holt of the circuit court for the
Southern district of New York in the
cases of Gustav E. Kissel and Thomas
R. Harned, two agents of the trust.

Kissel and Harned were indicted
with Mr. Parsons and the other di-
rectors on July 1, 1910. They inter-
posed a plea in bar to the indictment
reciting that a conspiracy such as
charged in the indictment was not con-
tinuous and that the statute of limita-
tions had intervened to prevent prose-
cution. Judge Holt sustained this plea.

The supreme court held that the con-
spiracy was continuous and the statu-
te of limitations could not be pleaded
in bar. The five directors indicted
made no plea but the prosecution of
their cases have been held up pending
the outcome of the appeal to the su-
preme court by Kissel and Harned.

At the department of justice last
night, Attorney General Wickesham
and United States District Attorney
Wise of New York—both of whom
were in court when the decision was
rendered—said that this decision
meant the prosecution not only of Kis-
sel and Harned, but of Mr. Parsons
and the other directors.

Not Clear Whether Death Was
Result of Flogging or Suicide.

St. Petersburg, Dec. 13.—The Retch
announces that Sazonoff, the assassin
of M. Plehve, the minister of the in-
terior, some four years ago, has died
in the Zaranus prison. It is not
known whether his death was the re-
sult of flogging or suicide.
A member of the douma from Sibe-
ria has received a dispatch stating
that there have been numerous sui-
cides in the Zaranus prison as the
result of corporal punishment.

COALITION HAS NET GAIN

Up to the Present Unionists Have 227
Seats While Government Controls 289.

London, Dec. 13.—Twenty-six con-
stituencies returning 26 members of
parliament polled yesterday. They re-
turned to the last parliament 13 Union-
ists, 7 Radicals, 3 Laborite-Socialists,
2 O'Brienites and 1 Redmondite.
Seven results declared last night, all
in England, show no change. In them
the aggregate Liberal-Labor vote last
January was 62,148; yesterday, 57,187;
Unionist poll last January, 50,759;
yesterday, 47,495.

With the Liberal gain in Cricklade,
which polled Saturday, the govern-
ment has one net gain. The state of
the parties is now: Unionists, 229;
Liberals, 192; Laborites, 34; Nation-
alists, 57 and Independent Nationalists,
6.

BRAZILIAN MUTINY ENDED

Government Troops Are Now Occupying
Cobras Island.

Rio Janeiro, Dec. 13.—The bottom
has apparently dropped out of the
mutiny of the naval garrison on Cobras
island. Many of those who had
been arrested, attempted to escape
but were recaptured.
Government troops now occupy Cobras
island. A few mutineers were
found in the fort. They surrendered
without making any resistance.
The city is again resuming its normal
condition.

Only One Bombardment.

London, Dec. 13.—It appears that
the bombardment of Rio Janeiro was
confined to one day—Saturday. The
censor held up the dispatch of Sunday
night, which was dated Sunday and
made it appear as if there had been
a second bombardment. The dispatch
was filed on Saturday and referred to
the events of that day.

Collieries on Full Time.

Reading, Pa., Dec. 13.—The Phila-
delphia & Reading collieries will work
full time again this week. The cold
snap has caused a big demand at the
mines and has caused a boom in the
shipments of anthracite. The Read-
ing company has been averaging 1,
000 cars of coal a day for three weeks.

GIFT OF \$10,000,000

Rumored In Boston That Carnegie Is
to Give It to Some International
Organization.

Boston, Dec. 13.—It was rumored
here that Andrew Carnegie is about
to announce the gift of \$10,000,000 to
some international organization.
At Mr. Carnegie's house last night
the representative of Mr. Carnegie re-
fused either to affirm or deny this re-
port. He advised patience.

Mr. Carnegie is president of the New
York Peace society and has always
been interested in all the interna-
tional peace movements at The Hague.
During the past few months five or
six leaders in the field of international
law in this country have been the re-
cipients of a somewhat elaborate cor-
respondence setting forth a project
that originated in Holland and has for
its purpose the foundation of a great
institute of internationalism. This in-
stitute, according to its backers, two
Hollanders, the Messrs. Eijkman and
Paul Horriks, would support a school
of international law at The Hague.

For the erection of the Palace of
Peace at The Hague for the interna-
tional court of arbitration Mr. Car-
negie gave \$1,750,000.
Mr. Carnegie is expected to be pre-
sent on Thursday at the international
conference to be held in Washington
of the American Society for the Ju-
dicial Settlement of International Dis-
putes.
